Index to Volume 246

A

Acclimation 118
Acetylcholinesterase 103
Adaptationism and the Anthropoid Postcranium: Selection Does Not Govern the Length of the Radial Neck 59
ALIBARDI, L., M.G. MAURIZII, AND C. TADDEI. Immunocytochemical and Electrophoretic Distribution of Cytokeratins in the Regenerating Epidermis of the Lizard *Podarcis muralis* 179
Ampullary Organ Morphology of Freshwater Salmontail Catfish, *Arius graeffei* 142
Anatomy of the Squirrel Wrist: Bones, Ligaments, and Muscles 85
Annelid 192
Anthropoid Postcranium: Selection Does Not Govern the Length of the Radial Neck, Adaptationism and the . . . 59
Apyrene sperm 53
AQUINO, ADRIANA E. See Schaefer, Scott A. 212
Arctic 1
ARIELI, Y. See Peltonen, L. 118
Arius graeffei, Ampullary Organ Morphology of Freshwater Salmontail Catfish, ... 142
Auchenipteridae 131

B

BENITO, JESÚS. See G[a]Ordóñez, Dolores 161
Birds 118
BLAIR, MICHAEL. See Young, Bruce A. 249
Bombyx mori, Peristaltic Squeezing of Sperm Bundles at the Late Stage of Spermatogenesis in the Silkworm, . . . 53
Bones, Ligaments, and Muscles, Anatomy of the Squirrel Wrist: 85
Branchiopoda 68
Bronchial tree 228
BURNS, JOHN R. See Meisner, Amy Downing 131

C

CARTER, MELISSA R. See Shain, Daniel H. 192
Catfishes 212
Catfishes, Postotic Laterosensory Canal and Pterotic Branch Homology in 212
Ceboids 59
Cercopithecoids 59
Cold- and Heat-Acclimated Pigeons (*Columba livia*) in Relation to Cutaneous Water Evaporation, Local Cutaneous Water Barrier in 118
Cold spring 1
Cold tolerance 150
Compartments 249
Complicated Jaws Like Those of Rotifera and Gnathostomulida, Micrognathozoa: A New Class With 1
Contractile force 249
CRIBB, THOMAS H. See Jones, Malcolm K. 198
Crustacea 68
CUNNINGHAM, SUSAN A. See Segal, Steven S. 103
Cutaneous Water Evaporation, Local Cutaneous Water Barrier in Cold- and Heat-Acclimated Pigeons (*Columba livia*) in Relation to 118
Cuticular Structures and Epidermal Glands of *Echinoderes cantabricus* and *E. hispanicus* (Kinorhyncha, Cyclorhagida) with Special Reference to Their Taxonomic Value 161
Cytokeratins in the Regenerating Epidermis of the Lizard *Podarcis muralis*, Immunocytochemical and Electrophoretic Distribution of 179

D

DADDOW, LINA Y.M. See Whitehead, Darryl L. 142
DARROW, KAROLYN. See Thorington, Jr., Richard W. 85
Digenea 198
Digestive system 198
Digestive Tract of *Gyliauchen nahaensis* (Platyhelminthes, Digenea), an Inhabitant of the Hindgut of Herbivorous Fishes, Ultrastructure of the 198
Ducts 68
Ducts of the Labral Glands of *Leptestheria dahalacensis* (Crustacea: Branchiopoda: Spinicaudata) 68

E

E. hispanicus (Kinorhyncha, Cyclorhagida) with Special Reference to Their Taxonomic Value, Cuticular Structures and Epidermal Glands of *Echinoderes cantabricus* and 161
EAST, RENAE M. See Jones, Malcolm K. 198
Echinoderes 161
Echinoderes cantabricus and *E. hispanicus* (Kinorhyncha, Cyclorhagida) with Special Reference to Their Taxonomic Value, Cuticular Structures and Epidermal Glands of 161
Ecology 1
Electron microscopy 192
Electrophoretic Distribution of Cytokeratins in the Regenerating Epidermis of the Lizard *Podarcis muralis*, Immunocytochemical and 179
Enchytraeid 192
Epidermal Glands of *Echinoderes cantabricus* and *E. hispanicus* (Kinorhyncha, Cyclorhagida) with Special Reference to Their Taxonomic Value, Cuticular Structures and 161
Epidermis 118, 179
Epithelia 198
Epitrochlearis Muscles, Motor Nerve Topology Reflects Myocyte Morphology in Hamster Retractor and 103
Eupyrene sperm 53
Evolution 192

F

Feeding 249
Freezing 150
Freshwater meiofauna 1
Freshwater Salmontail Catfish, *Arius graeffei*, Ampullary Organ Morphology of 142
FUNCH, PETER. See Kristensen, Reinhardt Møbjerg 1

Functional Subdivision of the Venom Gland Musculature and the Regulation of Venom Expulsion in Rattlesnakes . . . 249

G

Gastrodermis . . . 198
Glands . . . 161
Glycogen depletion . . . 249
Gnathifera . . . 1
Gnathostomulida, Micrognathozoa: A New Class With Complicated Jaws Like Those of Rotifera and . . . 1
Greenland . . . 1
G'ORDÓÑEZ, DOLORES, FERNANDO PARDOS, AND JESÚS BENITO. Cuticular Structures and Epidermal Glands of *Echinoderes cantabricus* and *E. hispanicus* (Kinorhyncha, Cyclorhagida) with Special Reference to Their Taxonomic Value . . . 161
Gyliauchen . . . 198
Gyliauchen nahaensis (Platyhelminthes, Digenea), an Inhabitant of the Hindgut of Herbivorous Fishes, Ultrastructure of the Digestive Tract of . . . 198

H

Hamster Retractor and Epitrochlearis Muscles, Motor Nerve Topology Reflects Myocyte Morphology in . . . 103
HARJULA, R. See Peltonen, L. . . . 118
HARRISON, FREDERICK W. Note From the Editor . . . 50
Head pore . . . 192
Herbivorous Fishes, Ultrastructure of the Digestive Tract of *Gyliauchen nahaensis* (Platyhelminthes, Digenea), an Inhabitant of the Hindgut of . . . 198
Hibernation . . . 150
Hindgut of Herbivorous Fishes, Ultrastructure of the Digestive Tract of *Gyliauchen nahaensis* (Platyhelminthes, Digenea), an Inhabitant of the . . . 198
Hominoids . . . 59
Homology . . . 212
Homology in Catfishes, Postotic Laterosensory Canal and Pterotic Branch . . . 212
HUGHES-STAMM, SHEREE R. See Jones, Malcolm K. . . . 198

I

Ice Worm *Mesenchytraeus solifugus,* Morphologic Characterization of the . . . 192
Immunoblot analysis . . . 179
Immunocytochemical and Electrophoretic Distribution of Cytokeratins in the Regenerating Epidermis of the Lizard *Podarcis muralis* . . . 179
Immunocytochemistry . . . 179
Integument . . . 150
Integument as a Barrier to Penetration of Ice into Overwintering Hatchlings of the Painted Turtle (*Chrysemys picta*), Role of the . . . 150

J

JACOBS, TONYA L. See Segal, Steven S. . . . 103
JONES, MALCOLM K., SHEREE R. HUGHES-STAMM, RENAE M. EAST, AND THOMAS H. CRIBB. Ultrastructure of the Digestive Tract of *Gyliauchen nahaensis* (Platyhelminthes, Digenea), an Inhabitant of the Hindgut of Herbivorous Fishes . . . 198

K

KAWAMURA, NAOKO, NAOKO YAMASHIKI, HIROSHI SAITOH, AND KEN SAHARA. Peristaltic Squeezing of Sperm Bundles at the Late Stage of Spermatogenesis in the Silkworm, *Bombyx mori* . . . 53
Keratins . . . 179
Kinorhyncha . . . 161
(Kinorhyncha, Cyclorhagida) with Special Reference to Their Taxonomic Value, Cuticular Structures and Epidermal Glands of *Echinoderes cantabricus* and *E. hispanicus* . . . 161
KRISTENSEN, REINHARDT MØBJERG AND PETER FUNCH. Micrognathozoa: A New Class With Complicated Jaws Like Those of Rotifera and Gnathostomulida . . . 1

L

Labral glands . . . 68
LALOR, JULIA. See Young, Bruce A. . . . 249
Laterosensory system . . . 212
Length of the Radial Neck, Adaptationism and the Anthropoid Postcranium: Selection Does Not Govern the . . . 59
Lepidoptera . . . 53
Lepidosauria . . . 249
Leptestheria . . . 68
Limnognathia . . . 1
Lizard *Podarcis muralis,* Immunocytochemical and Electrophoretic Distribution of Cytokeratins in the Regenerating Epidermis of the . . . 179
Local Cutaneous Water Barrier in Cold- and Heat-Acclimated Pigeons (*Columba livia*) in Relation to Cutaneous Water Evaporation . . . 118
Locomotor adaptation . . . 59
LOVEJOY, C. OWEN. See Reno, Philip L. . . . 59
Lung . . . 228
Lung Morphology in Rodents (Mammalia, Rodentia) and Its Implications for Systematics . . . 228

M

MALABARBA, LUIZ R. See Meisner, Amy Downing . . . 131
Male Reproductive System in Two Species of Internally Inseminating South American Catfishes, *Trachelyopterus lucenai* and *T. galeatus* (Teleostei: Auchenipteridae), Morphology and Histology of the . . . 131
MALESKI, KAREN A. See Shain, Daniel H. . . . 192
(Mammalia, Rodentia) and Its Implications for Systematics, Lung Morphology in Rodents . . . 228
MARDER, J. See Peltonen, L. . . . 118
MAURIZII, M.G. See Alibardi, L. . . . 179
MCBRIDE, TARESHA R. See Shain, Daniel H. . . . 192
MCCOLLUM, MELANIE A. See Reno, Philip L. . . . 59
MEINDL, RICHARD S. See Reno, Philip L. . . . 59
MEISNER, AMY DOWNING, JOHN R. BURNS, STANLEY H. WEITZMAN, AND LUIZ R. MALABARBA. Morphology and Histology of the Male Reproductive System in Two Species of Internally Inseminating South American Catfishes, *Trachelyopterus lucenai* and *T. galeatus* (Teleostei: Auchenipteridae) . . . 131
Mesenchytraeus solifugus, Morphologic Characterization of the Ice Worm . . . 192
MICHALEWICZ, LISA A. See Shain, Daniel H. . . . 192
Micrognathozoa . . . 1
Micrognathozoa: A New Class With Complicated Jaws Like Those of Rotifera and Gnathostomulida . . . 1
Morphologic Characterization of the Ice Worm *Mesenchytraeus solifugus* . . . 192
Morphological analysis . . . 59
Morphology and Histology of the Male Reproductive System in Two Species of Internally Inseminating South American Catfishes, *Trachelyopterus lucenai* and *T. galeatus* (Teleostei: Auchenipteridae) . . . 131
Motor Nerve Topology Reflects Myocyte Morphology in Hamster Retractor and Epitrochlearis Muscles . . . 103
Motor unit . . . 103
MURRAY, KURT P. See Shain, Daniel H. . . . 192
Muscles, Anatomy of the Squirrel Wrist: Bones, Ligaments, and . . . 85

Myocyte Morphology in Hamster Retractor and Epitrochlearis Muscles, Motor Nerve Topology 103

N

Neuromuscular junction 103
New class 1
New Class With Complicated Jaws Like Those of Rotifera and Gnathostomulida, Micrognathozoa: A 1
Note From the Editor 50

O

Overwintering Hatchlings of the Painted Turtle (*Chrysemys picta*), Role of the Integument as a Barrier to Penetration of Ice into 150

P

Packard, Gary C. See Willard, Rachel 150
Packard, Mary J. See Willard, Rachel 150
Painted Turtle (*Chrysemys picta*), Role of the Integument as a Barrier to Penetration of Ice into Overwintering Hatchlings of the 150
Pardos, Fernando. See GªOrdóñez, Dolores 161
Peltonen, L., Y. Arieli, R. Harjula, A. Pyörnilä, and J. Marder. Local Cutaneous Water Barrier in Cold- and Heat-Acclimated Pigeons (*Columba livia*) in Relation to Cutaneous Water Evaporation 118
Peristaltic squeezing 53
Peristaltic Squeezing of Sperm Bundles at the Late Stage of Spermatogenesis in the Silkworm, *Bombyx mori* . . . 53
Perry, Steven F. See Wallau, Bernd R. 228
Phylogeny 1
Physiology 249
Podarcis muralis 179
Postotic canal 212
Postotic Laterosensory Canal and Pterotic Branch Homology in Catfishes 212
Pterotic Branch Homology in Catfishes, Postotic Laterosensory Canal and 212
Pyörnilä, A. See Peltonen, L. 118

R

Rattlesnakes, Functional Subdivision of the Venom Gland Musculature and the Regulation of Venom Expulsion in 249
Reno, Philip L., Melanie A. McCollum, C. Owen Lovejoy, and Richard S. Meindl. Adaptationism and the Anthropoid Postcranium: Selection Does Not Govern the Length of the Radial Neck 59
Reptiles 179
Rodent systematics 228
Rodents (Mammalia, Rodentia) and Its Implications for Systematics, Lung Morphology in 228
Role of the Integument as a Barrier to Penetration of Ice into Overwintering Hatchlings of the Painted Turtle (*Chrysemys picta*) 150
Rotifera and Gnathostomulida, Micrognathozoa: A New Class With Complicated Jaws Like Those of 1
